Who's a Great Fit?

If you're a good listener, love connecting with students, and have a heart for guiding young people, this is a great place for you! Those who enjoy meaningful conversations and seeing students grow will thrive in this role.

The Impact

By serving on the NC Youth Team, you'll be helping students develop a faith that's all their own. Every interaction, every question, and every moment of laughter helps these young people see Jesus in a personal way.

Note: Background check required.
