

NEWS FROM CHILE

Dear Family,

We hope you are all doing well!

Before anything else, we want to say how grateful we are for each one of you. Thank you for your prayers, encouragement, generosity, and faithful support of our ministry. We truly could not do what we do without you, and we are continually reminded that we are part of something much bigger than ourselves because of your partnership and friendship.

We are excited to share some of the wonderful things God is doing here in Chile and beyond through our ministry, as well as some of the challenges we are currently facing.

Financial Update

At the moment, our ministry account has approximately \$300 remaining. This account is used both for our personal support and for the ministry projects we are developing here in Chile. May was the last month that we had enough for our support and projects that we are doing. While this season presents some challenges, we are trusting God to continue providing for the work He has called us to do and to open doors for new partnerships along the way.

We have been investing heavily in creating resources that can serve churches and families for years to come. For example, producing our original children's curriculum requires about \$550 each month. We are incredibly thankful for the faithful friends, families, and churches who continue to partner with us. At the same time, several churches have had to reduce or pause their support due to financial challenges of their own, which we fully understand.

We do not often write specifically to ask for financial help, but we wanted to be transparent about where things currently stand and that we really need more people to come along side us. If God places it on your heart to partner with us financially—whether through a one-time gift or ongoing support—we would be deeply grateful. If God has put this on your heart please let us know so we can try and plan ahead.

Your partnership helps us continue creating resources and serving churches both here in Chile and around the world.

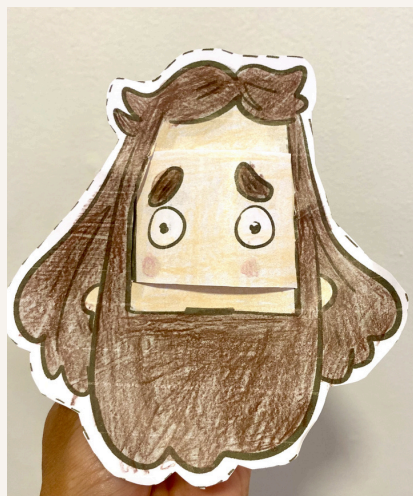

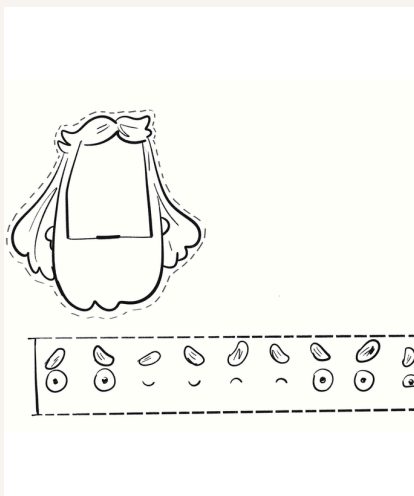

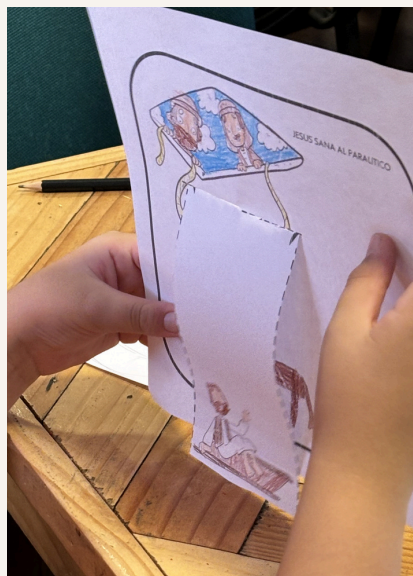

Children's Curriculum & Resources

One of the areas we are most excited about is the impact of our children's curriculum. We firmly believe that investing in the next generation is one of the most important and lasting things we can do. Every week we continue developing new lessons and resources, and we are now beginning to work on an English version so that churches and families outside the Spanish-speaking world can benefit as well.

If your church would be interested in using our English curriculum, we would love to connect with you and share it. Each lesson includes a cover page, Bible story, activities, discussion questions, and practical applications. The curriculum currently spans 11 pages a week and has already been a tremendous blessing to the churches using it.

Below are a few pictures of the materials we have been creating and distributing. We hope they encourage you as much as they encourage us.

Free Resources for Churches

Our website has become a wonderful tool for churches, allowing them to download all of our materials completely free of charge. We love being able to provide these resources at no cost, making it easier for churches of all sizes to invest in their children and families. It is such a blessing to know that kids are being reached and disciplined through these materials. Every download represents another opportunity for the next generation to learn about God's love, and we are grateful to play a small part in that mission.

Church Growth

Our church and children's ministry continue to grow, and it has been incredible to witness what God is doing in our community. Both our Saturday and Sunday services have been completely full, and we are seeing more families connect with the church than ever before.

Our children's ministry has been a key part of that growth, providing a place where kids can learn about Jesus, build friendships, and grow in their faith. We are so encouraged by what God is doing locally and grateful to see lives being impacted week after week.

Worship Movement Vision

As many of you know, over the past several years Eric has had the privilege of serving with the influential worship movement Aliento alongside Marco Barrientos. These have been wonderful years of ministry, seeing millions of people blessed through worship songs and witnessing how God has used this movement to help shape worship culture throughout Latin America. We are deeply grateful for everything God has taught us through this season and for the opportunity to be part of what He has been doing across the Spanish-speaking world.

As we look ahead, we believe God is calling us to help build a similar kind of worship movement through our own church and organization here in Chile. Our vision is to raise up worship leaders, songwriters, musicians, and creative teams who are passionate about creating authentic, worship that points people to Jesus. More than simply producing music, we want to invest in people, disciple emerging leaders, and cultivate a culture of worship that strengthens local churches and reaches new generations.

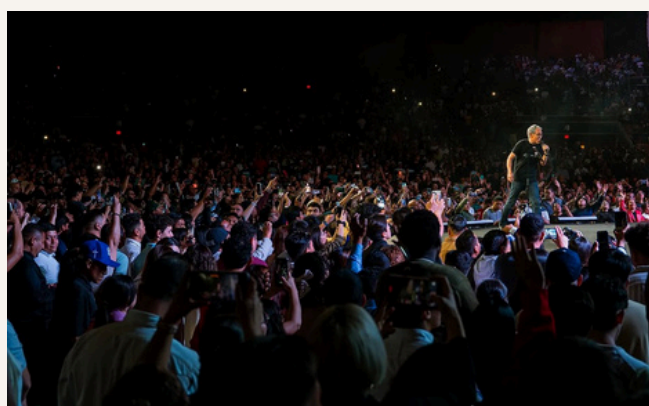

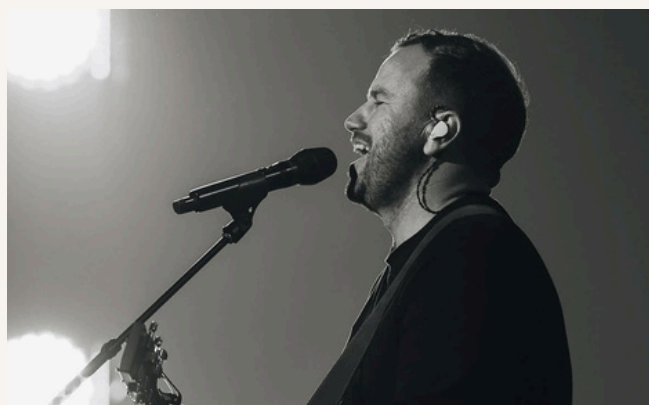

Through this initiative, we hope to create and release worship songs, videos, teaching resources, and creative content that can bless the Church across Latin America and beyond. By faith, we have already begun writing new songs with a growing team here in Chile, and we are excited to see where God leads this vision.

We believe God has given us a unique opportunity to use music as a missionary tool—sharing the Gospel, encouraging believers, and helping people encounter God's presence. Our prayer is that songs written and produced here in Chile would one day be sung in churches throughout Latin America, serving as a lasting resource for worship and discipleship.

Conferences & Training

Another exciting opportunity in front of us is the development of worship conferences and training events for local church worship teams and creative leaders. Over the past several years, we have partnered with other worship movements to host worship seminars and conferences, helping equip musicians, worship leaders, and creatives in their ministry.

As we continue to grow, we feel God leading us to begin developing these events through our own ministry alongside our annual VIVE Conference. Our desire is to create spaces where worship teams can receive practical training, spiritual encouragement, and meaningful community as they serve their local churches. We believe investing in leaders is one of the best ways to strengthen the Church for years to come.

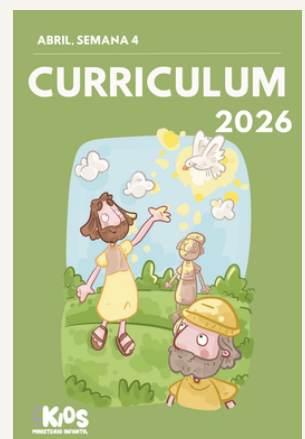

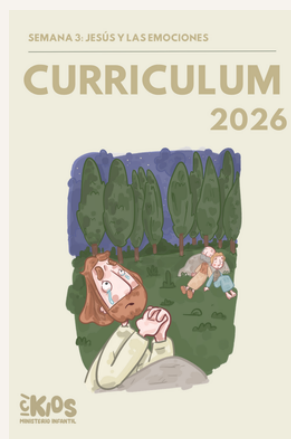

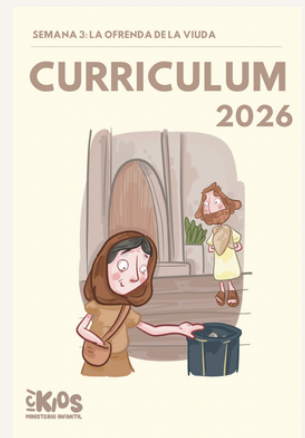

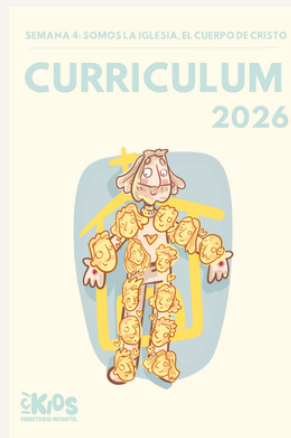

Printing & Discipleship Resources

Another area we are excited about is the growing library of discipleship resources that have been developing through our church over the years. These include books, Bible studies, children's materials, and leadership training tools that have already been a blessing to many people.

As more churches begin using these resources, we are seeing an increasing need for printed versions that can be distributed and used locally. At the moment, we either print small quantities ourselves or outsource printing, which can be costly and limits distribution.

One of our dreams is to invest in semi-professional printing equipment that would allow us to significantly reduce costs and produce these materials more efficiently. Our heart is to place practical, biblical resources directly into the hands of pastors, leaders, families, and churches throughout Chile and beyond. If this vision resonates with you and you would like to partner with us, we would be deeply grateful and would love to hear from you.

As you can see, there are many exciting opportunities that God is giving us the chance to partner in—from children's curriculum and discipleship resources to worship ministry, conferences, and church growth.

We feel incredibly encouraged by what God is doing, and at the same time we are continuing to trust Him through this season of financial need and growth.

Thank you for standing with us, praying for us, and being part of what God is doing. Your partnership and love are really important to us!

Love you all
Eric and Debi
