Missionaries do a lot of intermingling with people.

Our son Jason is very good at visiting pastors. Dennis could sit for hours listening and sharing Gods word with them. Jason loves this also.

I love to mentor new missionaries on the field. The greatest thing they need is a friend who understands what they are going through.

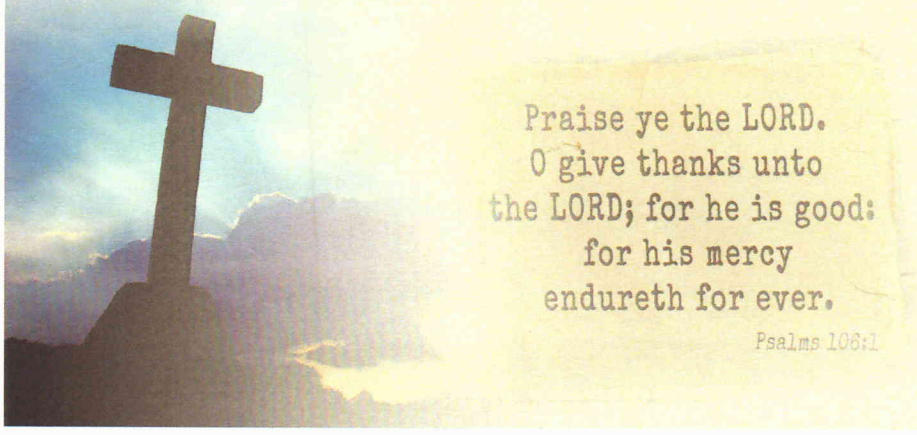

I also mentor pastors wives and teenagers. I love being part of their lives. I call it earning the right to speak into their lives. If they know that you love them they feel safe talking about their struggles.

Children's Ministry

I love knowing the children and watching them grow into adulthood.

Recently a pastor and his family came to visit me. The pastor had been to a meeting for the pastors of their denomination. A woman pastor walked up to him and said "do you know Jeanne Cook?" He said "yes I do why?" She said I knew her when she first came to our village in 1983. That woman is a pastor now. It was payday for me. It's worth all the challenges it takes to reach them.

Ministry Needs

God bless you!

- ***At this moment we are in need of a pressure washer. The one we need cost $2000.00.***
- ***We need a new roof on the mission house.***
- ***We also need skilled laborers to help us put a new roof on the mission house.***

Cooks Residence

We are all fine and living for the Lord. I feel so blessed that all of our children are walking with the Lord. Some took rabbit trails along the way but we are all good now.

No matter what season of life you find yourself in He is always there alongside of you.

Prayer Requests

Please keep my health in your prayers. I am healthy but aging. I am 77 years old so I am slowing down. I eventually get there.

Please pray for protection from all of the earthquakes we are having. It's unusual to have so many.
