Sunday School

God Creates the World (Genesis 1:1-25)

This week, we went all the way back to the beginning and learned how God created the world! As we explored His creation, we learned our Bible Point: God always loves us!

We talked about how creation shows us God's power, goodness, and love. Each class explored creation in its own way. Our 4th/ 5th graders drew their favorite animals as they reflected on God's creation. K-3rd built their own world with Mega LEGOS and explored God separating the water using shaving cream and water. Our preschoolers used Play-Doh to make their own creation.

Our Bible memory verse for 4th-5th graders is Psalm 104:24, reminding us of the wisdom and greatness we see throughout God's creation.

Our Bible memory verse for PreK-3rd is Ephesians 3:18, reminding us how wide, long, high, and deep God's love is.

These commandments that I give you today are to be on your hearts. Impress them on your children. Talk about them when you sit at home and when you walk along the road, when you lie down and when you get up. (Deuteronomy 6:6-7, NIV)

For Parents

Lead with intention

Take the time to pray over your children this week. Before you leave for school, in the car, at dinner, before bed, whenever works for you, but pray aloud.

Let them hear you.

Thank God for your children by name. Ask Him to guide them, protect them, and help them be who He created them to be.

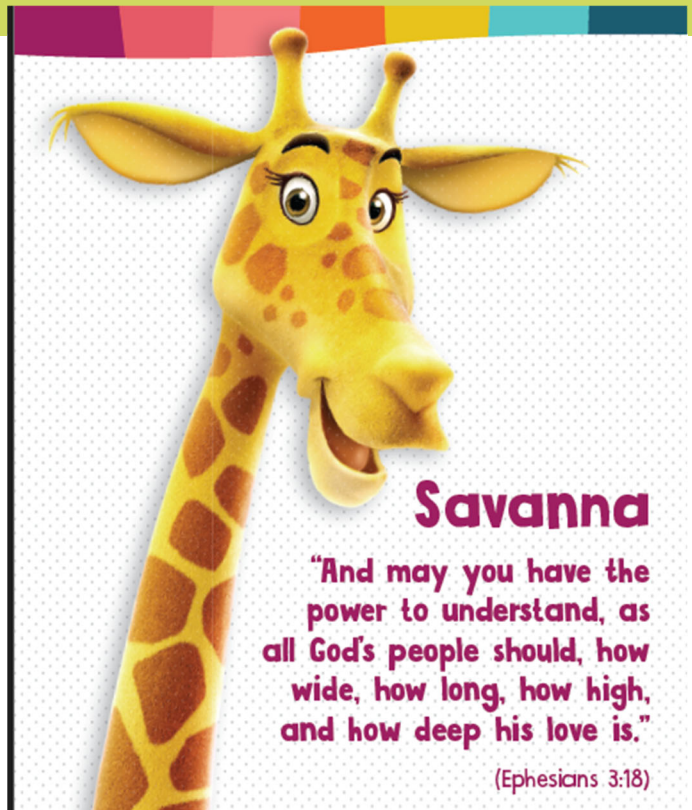

Bring it Home

Take a creation walk

Head outside together and look for things God created. Let your child choose their favorite thing they find, then take a moment to thank God for it. Help them connect it together: "isn't that amazing? God made that!"

Creation Charades

Take turns acting out something God created while everyone else guesses!

Savanna

"And may you have the power to understand, as all God's people should, how wide, how long, how high, and how deep his love is."

(Ephesians 3:18)
