North American Mission Board

Albert Lee

Albert and Jackie Lee are planting South Bay Baptist Church in Torrance, California. Their sending church is Bethel Baptist in Torrance, California.

Pray that God will provide for our household. We are fully trusting God, and He has been faithful every month, but it's just getting extremely tight.

John Haltom

John Haltom planted Set Free Church Central City in San Bernardino, California.

Josh and Tess Caylor have been with us in San Bernardino for more than four years. They are looking to plant nearby, either in Riverside or Rialto. They love Jesus and are sold out for the gospel. Would you please join us in praying for the right building for my assistant pastor, Josh Caylor? He is ready; we are ready!

Noe Luna

Noe and Maritza Luna are planting Iglesia Bautista Su Casa in the Cloverleaf area of Houston, near Channelview, Texas. Their sending church is Champion Forest Baptist Church in Houston, Texas.

Pray for us as we continue to serve and share the gospel in Cloverleaf. This year our family walked through a serious neurological emergency, but by God's grace it did not keep us down. We are back, grateful, strengthened, and fully committed to the mission God has given us. Pray especially for Cloverleaf. Many families are experiencing brokenness, young parents are raising children without strong support systems, and many people are battling addictions, loneliness, and spiritual hopelessness. Pray that God would open hearts to the gospel, restore homes, free people from addictions, strengthen parents, and raise up new disciples and leaders. Pray that God would give us wisdom, endurance, compassion, and open doors as we continue building relationships in the community. Above all, pray that Jesus would be known and that many lives would be transformed through the gospel.

Nathanael Fallahi

Nathanael Fallahi is planting God's Body Church, serving a Persian-speaking congregation in North York, Toronto.

Pray that Christ would give me wisdom, strength, and grace as I continue serving the church while pursuing a Master of Arts in Counseling. My background in both theology and psychology has given me a growing desire to serve refugees, newcomers, and others who carry deep wounds from displacement, loss, and trauma. I pray that this training would not become an end in itself, but would be used by God to make me a more faithful and compassionate servant of Christ. At the same time, leading and serving our church requires much of my week through preaching, pastoral care, Bible studies, discipleship, and ministry leadership. Please pray that the Lord would help me steward my time wisely, keep Christ and His church at the center of my priorities, and find a healthy balance between ministry and study without neglecting either calling. Also, pray for God's faithful financial provision during this season, and above all, that through every part of this journey Christ would be glorified and people would be strengthened, healed, and drawn closer to Him.

Haley Wherry

Haley serves as an Area Coordinator for First Priority of America in Northeast Tennessee.

In Northeast Tennessee, we have seen 62 students surrender to Christ after hearing the gospel from a peer, with almost 1,600 students attending clubs weekly. Pray for our student leaders as they serve as missionaries at their schools and work to ensure every student has a chance to hear the gospel and respond before they graduate. Pray for our adult volunteers who mentor, equip, and encourage students as they share the gospel. Pray for our faculty sponsors who chaperone club meetings, provide meeting space, and mentor students as leaders. Pray for God to provide for our efforts to increase the number of clubs. Pray for my daughter and her husband as they are expecting their second child, our first granddaughter. Pray for our upcoming family vacation with our son and his family (wife and two sons).
