Avel Rivera

Avel Rivera is the church planter and pastor of Fuente De Esperanza, a bilingual church in Groveland, Florida, serving Clermont and surrounding Lake County communities. His sending church is The Grove Church in Clermont, Florida.

Pray that God would provide people with hearts to serve through worship, including someone to lead and develop the worship ministry. Pray that God will send a person to serve as our connections director. Pray that God would provide someone with a servant's heart who loves people, helps everyone who comes through our doors feel welcome and cared for, and leads the connections team well. We need helpers in our children's ministry, too. Pray that God would provide servants who love working with children so that our children's director has a team ready to receive and care for children when she is unavailable. Pray that God would ignite in us, as a church, a passion to come alongside new believers, loving them, praying for them, encouraging them, and intentionally looking for opportunities to disciple them. Pray for those who have trusted in Christ but haven't taken the step of baptism. Pray they would understand the importance of baptism and joyfully take that step of obedience.

Chinh Nguyen

Chinh and Michelle Nguyen are planting Aspire Vietnamese Baptist Church in Jacksonville, Florida. Their sending church is Aspire Church San Marco, Jacksonville, Florida.

Pray for our sports ministry as we engage other churches and teams from our community. We are currently negotiating the purchase of a church facility in the Arlington area. If the Lord permits, we will relocate closer to the Vietnamese community, opening up greater opportunities for outreach and ministry. Pray for unity among our church members and for everyone to come together and faithfully participate in this shared endeavor. Thank you!
