Easy and powerful tools, with free learning materials, and remarkable customer support.

Get Started Free

Last week, **2,951 people** started a podcast with Buzzsprout.

## Aggregation / Hosting:

Buzzsprout — Gives you insights on each episode to include how many downloads and where. You can also offer paid subscriptions for a cashflow positive stream. Included also in Buzzsprout is the ability for syndication to larger platforms from a single platform, so with the uploading to just buzzsprout, you can send to Apple Podcasts, Spotify, Amazon Music and more! You also get a website that lists all your podcasts for quick finding and listening to as well as

 Apple Podcasts <a href="#">Listed</a>	 Spotify <a href="#">Listed</a>	 Google Podcasts <a href="#">Listed</a>	 Podcast Index <a href="#">Listed</a>
 Amazon Music <a href="#">Listed</a>	 iHeartRadio <a href="#">Listed</a>	 TuneIn + Alexa <a href="#">Listed</a>	 Podcast Addict <a href="#">Listed</a>
