Mission Statement

To provide quality care for 2, 3, 4 and 5 year old children in a safe, child-centered environment.

Objective

Our objective is two-fold:

- 1) To offer structured time with a daily schedule that will consist of free play, music, crafts, stories and recreation time
- 2) To provide parents with time apart from their children.

Staffing

The program is staffed by adults who are approved through the church's Safe Sanctuaries training program. Copies of the plan are available upon request. The program is under the direction of Paula Swanson, Parents Day Out Director.

About our Program

Parents Day Out provides a creative learning environment for the young child. Children are enrolled for one, two or three days per week, June 9 through July 30, 2026. Parents provide their child's snack, lunch and water bottle. A short prayer is said before snack time and lunch time.

Program Goals

Each child will:

- ◆ develop basic social skills;
- ◆ increase independence;
- ◆ develop a trust in adults other than his or her parents;
- ◆ enjoy being part of a group and learn to share and cooperate;
- ◆ develop a desire to learn;
- ◆ continually become aware of the fact that he or she is a child of God and will grow in God's love.

Children are required to have a complete physical and provide a completed Illinois Department of Public Health Certificate of Child Health Examination prior to the start of the program.

Children must be the minimum age of 2 years by June 1, 2026 to enroll.

Basic Curriculum

The curriculum includes preschool topics such as colors, shapes, animals, etc., plus Christian stories from the Bible. Bible based stories will be taught once a month.

Curriculum Overview:

Math: Classroom activities offer many "counting" opportunities for the children. Children are introduced to numbers 1-20, for number recognition and quantity concepts. Shapes and perceptual activities are also included.

Language Arts: Language Art activities include story time, songs, name recognition, letter recognition and pre-writing skills.

Music: Participants learn to use various musical instruments. They also sing and dance.

Motor Skills: We play many various games/races, and play with balls, hula hoops and other age-appropriate outdoor equipment during gym time. Coloring, pasting, and playing with large and small table top toys develop fine motor skills.

Details of the program and other information are included in the Kingswood Parents Day Out Parent Handbook. Each parent receives a copy of the Handbook.
