“Made New, Still Being Renewed Reflection Questions 08/09/2026

- 1. Why do you think our spiritual position can change immediately while our habits, emotions, and thinking often take much longer to change? What are some examples of “old kingdom thinking” that Christians can continue carrying?**
- 2. What is the difference between being touched by God and being changed by God?**
- 3. Of the sermon’s five W’s—Wiring, Wounding, Will, Warfare, and Whatever—which one was most helpful or new to you?**
- 4. The sermon says that bad experiences can wound us, but the beliefs formed from those experiences can continue affecting us long afterward. What are some wrong beliefs that can grow out of wounds?**
- 5. How can you distinguish between something that needs healing and something that requires repentance? Why can it actually hinder transformation when we try to “heal” something God is asking us to repent of?**
- 6. The sermon says, “Not every hardship is demonic,” while also affirming that spiritual opposition is real. How can Christians avoid both extremes?**
- 7. Why is discernment so important when trying to understand why we are stuck in a particular area?**
- 8. How can we simultaneously believe, “I truly am a new creation in Christ” and “I am still being transformed” without seeing those statements as contradictory?**
- 9. In the Lazarus story, Lazarus was completely alive but still wrapped in grave clothes. How does that picture help you understand the Christian life?**
- 10. Jesus told the people around Lazarus, “Take off the grave clothes and let him go.” What does that teach us about the role other believers, Life Groups, mentors, or Christian community can have in our transformation?**
