

Brazos Pointe Fellowship Short-Term Mission Trip Plans for 2026

If you are interested in applying for any of these trips or opportunities, please fill out the application [HERE](#).

Budapest, Hungary

Budapest is a beautiful, multi-cultural city where most people you encounter will speak English. These trips are all new for our church.

Holiday Season, late Nov/early Dec. Estimated Cost \$3000

This ministry will revolve around the Christmas Market season (mid-November to mid-December) in Europe. One team will **consist of singers (audition required)** who will sing Christmas Carols (think low key flash mob) each evening at Budapest's Christmas Market while local church members engage those who stop to listen with the Gospel. Another team will work during the day with a yet to be determined project. This could possibly be with IMB's ministry to the Roma people (nomadic Indo-Aryan) outside of Budapest or sharing the gospel on the streets of Budapest with locals and tourists.

Brazos Pointe Fellowship Short-Term Mission Trip Plans for 2026

Kenya

July 7 – 17. Estimated Cost: \$3000

Since 2008 we have partnered with The 410 Bridge in Kenya. For a dozen years we served the community of Endana, a very poor, rural area north of Nairobi near the equator in an area generally called Segera. Endana graduated from The 410 Bridge Model in 2020. Building on the foundation laid by previous trips, the 2026 team will work alongside the people of our new community partner, Mutirithia.

This year's project will include interaction with school children, visits in villagers' homes as well as their churches. In addition, the 410 Bridge has been very successful helping many locals establish small businesses through a basic training program. Travelers will get to meet some of these business owners and see how 410 Bridge is helping to establish a solid economic foundation for local residents.

Bulgaria

June 27 – July 8. Estimated Cost: \$2500

Each summer we work with our church partners in Holy Trinity Christian Church Sophia, Bulgaria, and Pastor Grozdan Stoevski to help administer *a camp for families of special needs children*. This camp has had a huge impact on the communities around Smolyan, Bulgaria.

Leading up to the camp we conduct In Service Training in a few schools for teachers working with children with special needs. This trip also makes an impact on travelers from BPF as they get to build relationships with families with similar struggles in a very different, very beautiful part of Eastern Europe. **We primarily, but not exclusively need team members such as therapists or teachers who have direct experience with special needs children or relatives with special needs family members.** Others who have exposure in this area are encouraged to fill out the application.

Short-Term Mission Trip Plans for 2026

Bolivia

July 11 - 19. Estimated Cost: \$3000

Brazos Pointe Fellowship first sent a short-term mission team to Santa Cruz, Bolivia in 2008. Since then, BPF has sent at least one team almost every year. We are connected with multiple partners through Kairos Church in Santa Cruz, Bolivia.

Our 2026 trip will focus on working with one partner, Gracia ministry in Santa Cruz. Information on all of our Bolivian partners can be seen below:

Amparo (www.amparobolivia.org, Facebook and Instagram): Amparo Bolivia), a ministry with a mission “To end the sexual exploitation and trafficking of girls in Bolivia by providing protection, education, restoration and the love of Jesus.”

Gracia (www.graciabolivia.com, Facebook and Instagram): Ministerio Gracia), a ministry with a mission “To present the gift of salvation through Jesus and the love of God by providing Christian services and helping children and their families in vulnerable communities according to what they need.”

Kairos Church (Familia Kairos, Facebook: <https://www.facebook.com/familiakairossc>)

Seattle, Washington

Tentative: July 11 – 18. Estimated Cost: \$1100

BPF has been sponsoring the work of The Mountain Church since it was planted seven years ago. Even though the Seattle area is generally not open to the gospel, The Mountain Church is breaking through cultural barriers and successfully reaching people in the area south of Seattle.

Our team will be serving alongside Mountain Church members to help lead a Vacation Bible School in the neighborhood of Federal Way, just outside of Seattle. We get to build relationships in the community and make more people aware of The Mountain Church. This trip provides an opportunity to see how church planting carries the Good News of Jesus to people who have never heard the Gospel.

Brazos Pointe Fellowship

Short-Term Mission Trip Plans for 2026

Southeast Asia

DIY Trips Available for Small Teams – Estimated Cost: \$3000

Our ministry in a “closed country” in Southeast Asia is built around a partnership with missionaries from our own church that uses sports camps, ESL Classes (English as a Second Language), and expanding business opportunities for the locals to form and build relationships.

- The local schools are very receptive to having our teams come in and work with students on their English skills which helps establish community relationships.
- Sports opportunities include offering sports camps for basketball and soccer or private golf lessons.
- A new opportunity is now available to engage with coffee growers. Coffee is a large product in the plateau region near our partner’s location. Engagement with these growers and processors helps develop relationships with a group of people with whom our partners would otherwise would have no connection. This team would help with the coffee harvest (November to January) to promote communications with the local community.

Opportunities for Individuals

NAMB – GEN SEND

Summer 2026 – 4, 6 & 8 Week options. Estimated Cost: \$800 / \$1200 / \$1600 + Travel

GenSend is a transformative summer experience that equips students to grow as a disciple, live on mission and discover God’s kingdom-calling through hands-on missions experience in some of **North America’s greatest cities**. Through immersive, gospel-centered community life and real ministry engagement, students learn what it means to love people, serve alongside church planters, and make disciples wherever God calls them.

Applications due by March 31, 2026. Dates and weeks are listed at <https://www.gensend.org/summer>

IMB Missions Residencies

The IMB Missions Residency is a pathway for 18–29-year-olds who wish to serve cross-culturally with the IMB for 4 months – 1 year. Residents will participate in strategic, biblical mission efforts alongside IMB teams while being discipled as followers of Christ and ministers of the gospel. There is no minimum education or prior experience required. Learn more at <https://www.imb.org/students/missions-residency>
