Move Activity

Human Palm Tree | Made to Move *Uses Minimal Supplies*

What You Need

	Green crepe paper streamers	Several

What You Do:

Before the Activity: Cut crepe paper streamers into three-foot lengths, several per child.

Stand in an open area and place the streamers on the floor near you. Stretch your arms out wide like tree branches and encourage children to drape the streamer pieces over your arms to create palm leaves. You may need to kneel or sit on the ground so children can reach your arms, then slowly stand up once all the streamers have been added. Give a series of instructions for the children to follow, using you as the human palm tree.

After the Activity: Introduce the Bible Story.

What You Say:

Before the Activity: "Hello, friends! Today we are playing a game with a palm tree. I am going to pretend to be a palm tree! *(Hold arms straight out.)* But I need your help! My branches are missing all their green leaves!"

During the Activity: "Pick up one streamer at a time and lay it over my arm. *(Allow children time to put the streamers on your arms.)* Wow! You did it! You filled my branches with palm tree leaves. Now, I am going to give you instructions on how to travel around my tree!

"Everyone, stand in front of the palm tree! *(Help instruct children where to stand.)* Great! Now, let's stand behind the palm tree! *(Help instruct children where to stand.)* Good job! Now, let's sit under the palm tree. *(Pause.)* Now, stand up and dance around the palm tree." *(Continue giving fun directional prompts as time and interest allow.)*

After the Activity: "You did a wonderful job following directions and dancing around our palm tree! Today, in our true story from the Bible, we are going to hear about a very special helper named Deborah who loved to sit under her palm tree, listen to God, and help His people. Let's go listen and find out more about Deborah!"

Sing Aloud Microphone | Made to Create

What You Need

"Sing Aloud Microphone Label" Activity Page	1
Craft tubes	1
Three-inch Styrofoam balls	Several
Black paper	1
Stickers (stars, music notes, happy faces)	Several
Colored masking tape	Several

EveryChild tips

- *Write names on the microphones immediately. Instruct children to keep their own microphones and not share them since they will be putting them up to their mouths.*
- *Pre-tape the foil balls to the tubes so children can focus on the fun part of adding stickers and coloring.*

What You Do:

Before the Activity: Print "Sing Aloud Microphone Label" on label paper, one label per child. Cut aluminum foil into twelve-inch squares, one per child.

Help children wrap and tape the piece of black cardstock to their craft tube. Ask children to cover their Styrofoam ball with aluminum foil, then help them tape it to the top of their craft tube with the black masking tape. Write each child's name on their microphone. Ask children to decorate their microphones with their labels and stickers on the base of their microphones. Write each child's name on the base of their microphone with the metallic marker.

After the Activity: Connect the Bottom Line to the Bible Story.

What You Say:

Before the Activity (Leader Preparation)
- Wrap each Styrofoam ball with aluminum foil ahead of time.
- Attach the aluminum foil-covered ball securely to the top of each craft tube to create a microphone.
- Have black paper, tape, labels, and stickers ready for the children.

During the Activity (What You Say)
"Today, we're going to make our very own microphones!
"Look! Your microphone already has a shiny top! Now, let's wrap the craft tube with black paper to make our microphone handle."
(Help children wrap the black paper around their craft tubes and secure it with tape.)
"Great job! Now it's time to decorate your microphones! Add your label and any stickers you would like to make your microphone special!"
(Allow time for children to decorate. Write each child's name on their microphone.)
