Verse 1:

**B**

The Word of God was there before the depths were formed,

**G#m**

With greater grandeur than the skies that He adorned.

**B**

By untold might and ease of strength He made all that we see.

**G#m**

And in the blinking of an eye made galaxies.

Chorus:

**B** **F#/A** **D#m** **E** **B** **F#/A#** **D#m** **E**

Glo - ri - a, glo - ri - a in excelsis De - o!

**B** **F#/A** **D#m** **E** **B** **F#/A#** **D#m** **E**

Glo - ri - a, glo - ri - a in excelsis De - o!

Verse 2:

**B**

The Word of God was God Himself, in mortal frame.

**G#m**

His glory veiled in human flesh, a little babe.

**B**

He was the Lamb of God who came, to be our sacrifice;

**G#m**

The hope for all the nations heard within His cries.

[*Chorus*]

Verse 3:

**B**

The Word of God came to His own, who loved Him not.

**G#m**

He bore our scorn, a crown of thorns, a rugged cross.

**C**

He did not judge our many sins, nor curse us in His heart.

**G#m**

Behold the Son who died to show the Father's love.

Bridge:

**B                    F#                    G#m                    E**

From the day that You arrived hope was finally in our sights

**B                    F#                    G#m                    E**

Light of Life for all to see, You make sin, like shadows, flee.

**B                    F#                    G#m                    E**

Though you died, You rose to life to raise us from our darkest night.

**B                    F#                    G#m                    E**

Til the day Your kingdom comes “Gloria” will be our song!

[*Chorus*]
