Verse 1:

C

The Word of God was there before the depths were formed,

Am

With greater grandeur than the skies that He adorned.

C

By untold might and ease of strength He made all that we see.

Am

And in the blinking of an eye made galaxies.

Chorus:

C **G/B** **Em** **F** **C** **G/B** **Em** **F**

Glo - ri - a, glo - ri - a in excelsis De - o!

C **G/B** **Em** **F** **C** **G/B** **Em** **F**

Glo - ri - a, glo - ri - a in excelsis De - o!

Verse 2:

C

The Word of God was God Himself, in mortal frame.

Am

His glory veiled in human flesh, a little babe.

C

He was the Lamb of God who came, to be our sacrifice;

Am

The hope for all the nations heard within His cries.

[*Chorus*]

Verse 3:

C

The Word of God came to His own, who loved Him not.

Am

He bore our scorn, a crown of thorns, a rugged cross.

C

He did not judge our many sins, nor curse us in His heart.

Am

Behold the Son who died to show the Father's love.

Bridge:

C **G** **Am** **F**
From the day that You arrived hope was finally in our sights

C **G** **Am** **F**
Light of Life for all to see, You make sin, like shadows, flee.

C **G** **Am** **F**
Though you died, You rose to life to raise us from our darkest night.

C **G** **Am** **F**
Til the day Your kingdom comes "Gloria" will be our song!

[*Chorus*]
