📘 www.facebook.com/BethelChristAcad/

We use the Abeka curriculum and video for most of our classes. Abeka is the largest supplier of Christian textbooks. Your child will be taught by master teachers who have years of experience. All this is done to help provide the best learning environment for your child. To learn more about Abeka visit their website at <https://www.abeka.com/>.

The BCA Education

We understand that every school is different, and each school has its own benefits. We offer a small-school environment that allows each child to be treated as an individual.

At BCA, we believe that every day is an opportunity to learn. The various subjects we offer are Christ-centered, relevant, and rigorous.

Your child's safety is a primary concern here at BCA. We have a Code of Conduct that every student is expected to follow. Any form of bullying is not tolerated and will be dealt with between the administration and parents.

Our K5 is AMAZING!

We believe that beginning with a quality education provides a strong foundation to build a successful life. That is why we have a strong focus on our K5 class.

By the end of our K5 program, your child will be able to read, tell time, add to ten, and even begin working on fractions! Your child will also enjoy studies in science and social studies. Through the loving teaching of Mrs. Paddock, your child will be given a proven foundation that will help them excel in their future education.
