

Sharing Jesus with Others

As Your Four get near Threshold 4 or 5, and as you learn to share your story and invest in the lives of people around you, it can be easier talking with them about what Jesus has done for you. It's like joining a conversation God is already having with them. It can take less than a minute if you use this easy 3-step method:

1. Share two sentences about your life before you met Jesus.
2. Share two sentences about how you met Jesus.
3. Share two sentences about how your life has changed.
