# 2s/3s blessings

January 2023

Insert your child's name), I pray you will understand that Jesus is bigger and more powerful than anything this world has to offer.

Discuss with your child some tangible ways we can show other people how much Jesus cares about them—using kind words, showing affection, etc.

Cuddle up with your child this month and read Mark 6:34. Let your child know that a shepherd's job is to take care of the sheep and keep them safe.

One way children learn the faithfulness of God is through their parents. When we keep our promises and follow through with what we say, little ones are able to see how God keeps His promises.

During playtime this month sing "Jesus Loves Me" and make up some gestures your child can imitate.
