

Psalm 119

God's Word: Great Treasure

Scripture: Psalm 119:1-16 and Select Verses

Memory Verse: Psalm 119:162 *"I rejoice at Your word as one who finds great treasure."*

Lesson Focus: This is the longest chapter in the whole Bible and fittingly is completely devoted to expressing the excellence of God's word. The author of this Psalm treasured God and His word and our objective is to encourage the kids to do the same.

Activities and Crafts: Coloring Picture of Psalm 119 verse, Word Search of different terms from lesson, Bring it Home Discussion for 3rd - 5th.
Craft for 1st and 2nd: Treasure Map

Starter Activity: "Treasured" Songs

So many songs are written because people are inspired to express their love and devotion to something with music. Below are several songs that should be familiar to the kids. Consider singing the first part of the song yourself, stop, and then let the kids finish it for you. Or if you aren't comfortable singing, just walk through some of the song titles with the kids. But either way, ask the kids, "What is **treasured** in this song?"

- 1) You Are My Sunshine (You sing this to someone that you **treasure**)
- 2) Rubber Ducky (Ernie **treasured** his rubber ducky during bath time)
- 3) Do You Want to Build a Snowman? (Anna **treasured** being with Elsa)
- 4) Take Me Out to the Ballgame (Those who **treasure** baseball and their team)
- 5) The Star-Spangled Banner (We **treasure** our nation)
- 6) Here I Am to Worship (We **treasure** God!)

Q: Have you ever made up a song about something that you love and treasure? *

(Teachers: Consider sharing with the kids a song that you may have made up devoted to something or someone that you treasure)

Like last weekend, today we're going to be in a book of the Bible that is all songs.

Q: Anyone know which book this is? A: Psalms! (pronounced with a silent "P")

The Psalms were the songs written by people who treasured God! The one we are going to study today is the longest Psalm and chapter of the whole Bible. In fact, it has 176 verses and about 2000 words! But just about every verse of this Psalm is about God's Word and how great His Word is. The author treasured God's Word so much he wrote a 2000-word "love song" about it! * Let's take a look!

Bible Study:

All songs have titles (like some of the above mentioned) and this Psalm is called:

*"Meditations on the **EXCELLENCIES** of the Word of God."*

Q: What comes to mind when you hear the word EXCELLENT?

A: The official definition is "extremely good or outstanding". *

As we said before, almost every verse of this song proclaims something EXCELLENT about God's Word. The song uses several different terms that all refer to Scripture:

- *Law, testimonies, precepts, statutes, commandments, judgments, ordinances, ways, and word.* (**Teachers:** Consider writing these terms on the board and then as you walk through the verses of this Psalm, have the kids find which terms were used in each verse!) *

Teachers: Consider reading **Psalm 119:162**, our memory verse, to set the stage. What does the Psalmist say he finds as he reads Scripture? **Great Treasure!** Keep this idea front-and-center as you go through the Psalm. The lesson below only goes through the first sixteen verses but then see some optional activities at the end of the lesson.

Psalm 119:1: The song starts with a simple statement of God's blessing on those who walk in the law of the Lord. *

Q: What do you think it means to "walk in the law of the Lord"? A: It means you OBEY! Jesus Himself said, "If you love me, you will keep my commandments." (**John 14:15**)

Psalm 119:2: Ah, but now look and see what God really wants. He doesn't just want us to obey, but He wants our hearts! He wants our love and devotion just as Jesus said!

Q: How many of you have taken music lessons? Do you think the music teacher would rather have a student who works really, really hard at practicing only because they HAVE TO (and doesn't really like it either!), or a student who might practice less, but does so out of a love for music? * A: Definitely the second kind of student! It is the same with Jesus! **Believers "practice" obeying Jesus because they love Him not because they HAVE TO earn His love!**

Psalm 119:3-5: Notice the cry of the Psalmist in v. 5! He recognizes that his ways are not always God's ways. In other words, he makes mistakes just like we do.

There is a popular saying that people often say, "God helps those who help themselves."

Q: Do you think this in the Bible? It is actually NOT! **Psalm 145:18** says that God helps those who don't look to themselves but look to HIM! * The more you love Jesus, the more you will seek Him to help you walk in His ways just like this Psalmist does.

Psalm 119:6: The Psalmist realizes just how far short he falls when he beholds God's perfect holiness.

Q: What does it mean to be ashamed? A: Guilty or embarrassed of what you've done!
Boys and Girls: Like the Psalmist, the more you read God's word and understand His glory, His holiness, His righteousness, the more you realize just how ashamed you are of your own mistakes and sins! * This sounds like pretty **bad news**!

Q: But what did the Psalmist say he found in v. 162? A: **Great Treasure**! * The treasure is that even though our sin is great, **God's love is greater**! As we keep reading thru the Bible, we also find the **good news** (the gospel) that our sins can be forgiven through simple faith in Jesus Christ and that we can walk with God despite our sin. Wow!

Psalm 119:7-8: Knowing and believing the **good news**, we then respond just like the Psalmist with praise and a desire to obey! But how do we do that? (see next verse)

Psalm 119:9a: The Psalmist asks the same question. *

Q: How would you answer? Continue reading for the answer!

Psalm 119:9b-10: By taking heed, or paying attention to God's Word! And again, he expresses his desire to seek God with his all! For remember that God first gave us **His all** in giving His Son to pay the price for our sins!

Psalm 119:11: Here the Psalmist talks about *hiding God's word in his heart*.

Q: What do you think this means? A: It means memorizing it! Every week we have a memory verse for you with the lesson. Today's verse is very easy to memorize. Try and commit **Psalm 119:162** to memory this week and come back next week and see if you can recite it to me. Ask whoever picks you up after church if they would memorize it with you! (**Teachers**: Consider offering a small incentive/reward to make this challenge more interesting to them)

And notice one reason why you should memorize God's word. So that you will not sin! * We will never be **sinless**, but those who love God and His Word will **sin less**!

Psalm 119:12-15: These verses echo many of the same sentiments we have already talked about. (**Teachers**: As described above, consider having the kids point out which word from the list of terms describing Scripture is in each verse for fun)

In v. 14, just like in our memory verse, the Psalmist is comparing knowing God's word to possessing great riches and treasure. (**Teachers**: Consider having the kids hold their Bible up above their heads and ask them if they see this book as real treasure!) *

Psalm 119:16: Because this book is such a treasure, the Psalmist is determined to **DELIGHT** himself in it and not forget it!

Q: Earlier in the lesson we talked about the music student who practices their instrument really, really hard, but doesn't really like it vs. the music student who might practice less, but loves it. Which one would you say **DELIGHTS** in music? Which one is most likely going to continue to practice and not quit?

Boys and Girls: God wants the same for you! He wants you to DELIGHT in Him and His Word. If you read the Bible, or memorize verses from the Bible, or try to apply it all just because you HAVE TO, you are missing what God wants (and you will be much more inclined to quit!)

Key Point: At the beginning of our lesson we talked about how people write songs to express their love for something. This guy LOVES God and DELIGHTS in His Word and wrote a 2000 word "love song" about it!

If this guy was around today, I wonder if he would be surprised by the dull things that we pour our DELIGHT into. I think he would say, "**WAKE UP!** God and His Word are so much better than Mario, Legos, Pokemon, Minecraft, Disney+, YouTube, iPhones, or whatever else the world says we should treasure" (not that those things are wrong in and of themselves).

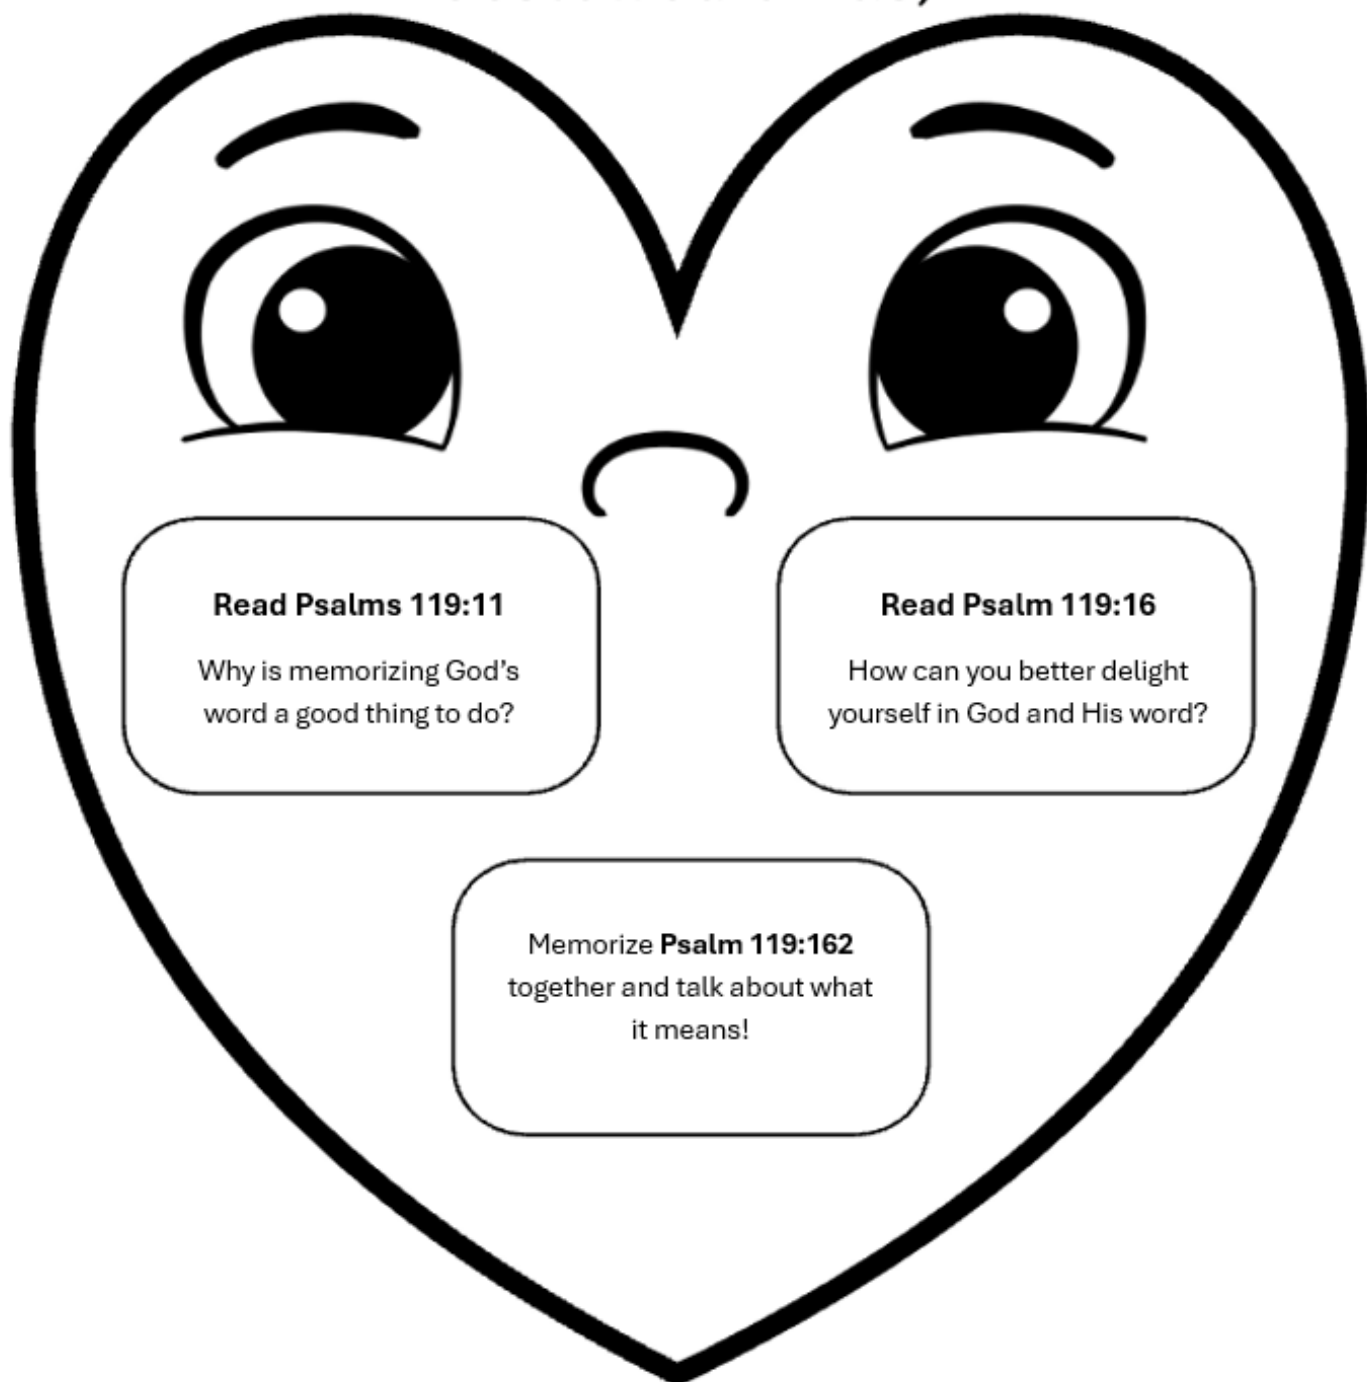

DELIGHT in God's word this week by reading it and memorizing it! Make it your treasure! Shock your Mom, Dad, grandparents, or whoever picks you up after class by telling them that you want to read more of God's word with them this week!

Teachers: Our main lesson will conclude here, but here a few suggestions for classroom time afterwards:

- 1) Just like last week we had you share with the kids what some of your praying habits looks like, share with them this week what some of your Bible-reading habits are and how you DELIGHT in God's word.
- 2) Pick some other verses from Psalm 119 and talk about them. Some of my favorites: v. 18, 28, 47, 50, 55, 67-68, 71-72, 73, 89, 97, 103, 105, 114, 160
- 3) Use a random number generator from your phone like <https://www.google.com/search?q=random%20number> and use it to randomly pick verses and discuss which of the terms describing God's Scripture (see above) were used and how the Psalmist describes it (note there are 3 or 4 verses in this Psalm that don't explicitly talk about God's word!)

BRING IT HOME

BEHOLD what manner of **LOVE** the Father has
bestowed on us,

that we should be called children of God!
