

BIBLICAL THEOLOGY

For the past several months, Advance has been studying the story of Scripture chronologically, looking for the "seed/offspring" that will crush the serpent's head as promised by God in Genesis 3:15. Through the coming weeks, the daily reading plan will focus on Psalms, Proverbs, Song of Solomon, and Ecclesiastes. This is a great time to jump into the reading plan and even join a cohort discussion on **Wednesdays at 6:30am** or **Thursdays at 12:30pm** in person or via zoom.
