IN LOVING MEMORY

### The Story Behind the Scholarship

#### Walter Carroll & Annie Jones

*Roots in Arkansas, Mississippi & Louisiana • Husband, Father, Grandfather • Great-Great Grandmother, Great Grandmother, Grandmother & Mother*

Walter Carroll was a man of deep roots and quiet strength, raised in Arkansas and Mississippi with a love of the outdoors, a tireless work ethic, and an unshakeable dedication to his family. A true jack of all trades, Walter could turn his hand to just about anything and take pride in doing it well. Whether he was out on the water fishing or getting the job done, he brought the same steady devotion to everything he did. He believed that a man's greatest legacy was the family he built and the values he passed on.

Annie Jones carried the warmth of Louisiana in everything she did. Rooted in a culture of togetherness, she embodied fierce love of community, compassion that made others feel truly known, and a creative spirit that found beauty in the ordinary. Her love of Christ was the source from which her generosity flowed, guiding her to serve and lift those around her.

*Both Walter and Annie were filled with a deep love of family and an unwavering love of Christ. This scholarship carries their names so that their spirit of devotion and possibility lives on in every young person who dares to go further.*
