FCI RESOURCE STORE Welcomes RFI School of The Shepherds 2023

The Love of God runs deep in scripture as the essential nature of God...God Is Love! Learn the extent of God's love toward mankind and how to walk in the same measure of love; loving others, and ourselves as we have been loved. -- Dr. John Polis

Natural, human love has failed because it is based on selfishness. The new kind of love Jesus brought came into a barrenness and blossomed, removing hardness and bitterness. To walk in love is to live in God where faith grows, is profound, and is a create force that transcends and persists regardless of circumstances. -- E. W. Kenyon

Minibook on walking in divine love and the great rewards that come from obeying the law of love.

-- Kenneth E. Hagin

Minibook on breaking through the fear of failure with a failure-proof formula taking God at his word because Love Never Fails!

-- Kenneth Copeland

MORE APOSTOLIC MINISTRY RESOURCES

THE MASTER BUILDER BOOK & WORKBOOK

Great for small group study, Bible college course & personal growth.

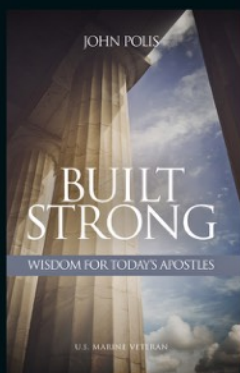

John Kelly, Doctor of Ministry

"Apostle John Polis brings much more clarity on this subject of apostles and their function in the The Master Builder. It is a must read for everyone who want to know more about this dispensation of the last restorative gift to the Church - the apostle."

Apostle Les Bowling, Eagle Rock Covenant Network

"John Polis has hit a home run in his new book, The Master Builder. This work is both revelational, practical and biblically sound. This work will give you a greater understanding of the times and how we arrived at this point in history in relationship to the present day ministry. Read it and be equipped for effective ministry in the 21st Century."

BUILT STRONG

This book by John Polis contains wisdom from 40 plus years of ministry as an apostle to the nations. Every chapter contains truths that have brought transformation to individuals, churches and territories. The teachings of Built Strong are concise downloads of revelation from the Spirit of God that will release "apostolic faith" into hearts that are seeking to be part of the Restoration of The Church of Jesus Christ. Built Strong is a "handbook" for training a new generation of apostolic leaders and also contains many fresh insights that will strengthen seasoned apostles.

John Kelly, Doctor of Ministry

Built Strong is a series of biblical teachings and practical principles regarding more than simply what an apostle is - but what an apostle actually does. In Built Strong, Apostle John Polis draws from his real life experiences as an apostolic masterbuilder of churches, missions, ministries, and church leaders. He has also fathered many spiritual sons and daughters in several nations. Built Strong is written by a true apostolic leader who walks out everything this book teaches. This is why I highly respect Apostle John Polis. Built Strong is a must read for everyone, but especially for those in biblically-based ministry!
