

Operational Policy on Infant Safe Sleep

This form provides the required information per minimum standards Sections 746.501(9) and 747.501(6) for the safe sleep policy.

Directions: Parents will review this policy upon enrolling their infant at _____ and a copy of the policy is provided in the parent handbook. Parents can review information on safe sleep and reducing the risk of Sudden Infant Death Syndrome/Sudden Unexpected Infant Death (SIDS/SUIDS) at: <http://www.healthychildren.org/English/ages-stages/baby/sleep/Pages/A-Parents-Guide-to-Safe-Sleep.aspx>

Safe Sleep Policy

All staff, substitute staff, and volunteers at _____ will follow these safe sleep recommendations of the American Academy of Pediatrics (AAP) and the Consumer Product Safety Commission (CPSC) for infants to reduce the risk of Sudden Infant Death Syndrome/Sudden Unexpected Infant Death Syndrome (SIDS/SUIDS):

- Always put infants to sleep on their backs unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [Sections 746.2427 and 747.2327].
- Place infants on a firm mattress, with a tight-fitting sheet, in a crib that meets the CPSC federal requirements for full-size cribs and for non full-size cribs [Sections 746.2409 and 747.2309].
- For infants who are younger than 12 months old, cribs play yards should be bare except for a tight-fitting sheet and a mattress cover or protector. Items that should not be placed in a crib or play yard include: soft or loose bedding, such as blankets, quilts or comforters; pillows; stuffed toys and animals; soft objects; bumper pads; liners; or sleep positioning devices [Sections 746.2415(b) and 747.2315(b)]. Also, infants must not have their heads, faces or cribs covered at any time by items such as blankets, linens, or clothing [Sections 746.2429 and 747.2329].
- Do not use sleep positioning devices, such as wedges or infant positioners. The AAP has found no evidence that these devices are safe. Their use may increase the risk of suffocation [Sections 746.2415(b) and 747.2315(b)].
- Ensure that sleeping areas are ventilated and at a temperature that is comfortable for a lightly clothed adult [Sections 746.3407(10) and 747.3203(10)].
- If an infant needs extra warmth, use sleep clothing _____ (insert type of sleep clothing that will be used, such as sleepers or footed pajamas) as an alternative to blankets [Sections 746.2415(b) and 747.2315(b)].
- Place only one infant in a crib to sleep [Sections 746.2405 and 747.2305].
- Infants may use a pacifier during sleep. But the pacifier must not be attached to a stuffed animal [Sections 746.2415(b) and 747.2315(b)] or the infant's clothing by a string, cord or other attaching mechanism that might be a suffocation or strangulation risk [Sections 746.2401(6) and 747.2315(b)].
- If the infant falls asleep in a restrictive device other than a crib (such as a bouncy chair or swing or arrives to care asleep in a car seat), move the infant to a crib immediately, unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [Sections 746.2426 and 747.2326].
- Our child care program is smoke-free. Smoking is not allowed in Texas child care operations (this includes e-cigarettes and any type of vaporizers) [Sections 746.3703(d) and 747.3503(d)].
- Actively observe sleeping infants by sight and sound [Sections 746.2403 and 747.2303].
- If an infant can roll back and forth from front to back, place the infant on the infant's back for sleep and allow the infant to assume a preferred sleep position [Sections 746.2427 and 747.2327].
- Awake infants will have supervised "tummy time" several times daily. This will help them strengthen their muscles and develop normally [Sections 746.2427 and 747.2327].
- Do not swaddle an infant for sleep or rest unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [Sections 746.2428 and 747.2328].
