- Bible – ESV or NKJV is suggested for uniformity and readability within the classroom. EGCA will respect and uphold a family's convictions regarding Bible versions.

Notebook Standard

In utilizing the Principle Approach at EGCA, we ask that students be equipped with the foundation tool of teaching and learning – the notebook. This is defined as a **hard cover**, 3-ring binder, of a durable quality for the daily use, wear, and tear. These binders are readily available at Walmart, Target, Staples, or any other supplies store in a variety of colors, sizes, and prices. It is recommended that you choose binders of various colors.

Students use these notebooks to maintain a record of their education through the subject organization of regular note taking, assignments, essays, tests, and the proper securing of class handouts. Additional items needed for your child's grade level are listed below.

- 5 **1 inch** binders: English
Math
Science
History
Bible
- Index divider pages (34 approximately)
- 6 packages of college-ruled paper

Please send in only what is on the list. There is no room for extra supplies.
