AMENDMENT 6
IS UNDEMOCRATIC

- Amendment 6 doesn't protect voters. It gives unconstitutional power to unelected judges and weakens the legislative process, where Missourians' voices have always been heard.
- Instead of making the process clearer, Amendment 6 adds confusion, litigation, and opportunities for political games at the expense of Missouri voters.
- Amendment 6 gives courts the ability to rewrite ballot language, giving unelected judges even more power and expanding judicial authority far beyond what the Constitution intended.
- Voters, through their elected representatives, should have a say in what ballot language means. Voters should be given fair information, but ballot language should not become a battleground for judicial policymaking.

AMENDMENT 6 WOULD ALLOW 21% OF THE LEGISLATURE TO KILL LEGISLATION THAT 79% SUPPORT
