– DELIVERY POLICY & TIPS –

Orders are triple-counted at Homewood Nursery prior to delivery. You may confirm your total at the time of delivery while our driver waits. ***A signature will be required, confirming order accuracy, and finalizing the order.***

- Wait until the order is completely unloaded; THEN count.
- Have only 2 people counting. Count twice.
- Put your order in groups of 10, according to size and color.
- When moving poinsettias, grasp the top of the protective sleeves to avoid damage to your plants.
- Remember poinsettias need to be inside.
- If your buyers' poinsettias will not be picked up the day of delivery, we recommend pulling the protective sleeves down around the pots to preserve plant shape.
